SUMMARY

Looking to gain real-life experience with an awesome team at a great company to work on amazing projects.

EDUCATION

University of Toronto

Bachelor of Science, Computer Science — 2012-2013

SKILLS

- Languages: JavaScript, Python, PHP
- Deep Understanding of CSS and HTML
- Knowledge of WordPress
- Knowledge of Meteor
- SEO Optimization
- GoogleAnalytics knowledge
- Git and Terminal knowledge

EXPERIENCE

Junior SEO/WebDev, Spark Internet Marketing

February 2014 - Present

http://hellospark.com

Working in the Web Development and SEO departments with client's sites. From making small changes in the WordPress backend to setting up goals in Google Analytics, Also, created custom templated sites and moved Wordpress installs from server to server, editing MySQL Databases.

Intern, MinoeWorks

July 2013 - September 2013

https://www.minoe.com

Working in a startup company under agile methodology. I was testing the website for bugs and working in Eclipse to create widgets using GWT. Designed and implemented a tooltip widget that gets executed on hover of mouse for specific widgets on the website.

Sales Associate, Little Burgundy

November 2011 - Present

Providing amazing customer service for customers looking to acquire great footwear. I am able to process cash, credit and debit transactions. Great communication skills lead to further selling of handbags and shoe care. Able to work in a group as well as provide training for new employees. I am able to operate under stress (rush hour traffic) and carry out manager's tasks fast and efficient.

Accomplishments

- Ranked firsrt worldwide in Club Elite for Aldo Group.
- Ranked first in Ontario in Club Elite for Aldo Group.
